Teachers' Association Amends Constitution

TO PROVIDE THREE DISTRICTS EACH PROVIDING MONTHLY MEETINGS AND WEEKLY OUTINGS

As the result of Dr. Curtis' crusade on behalf of organized play in the schools and the communities a special meeting of Kauai Teachers' Association was held in the Lihue community hall on Tuesday afternoon last week. Practically all the teachers were present. The object of the meeting was to consider Dr. Curtis' suggestions regarding the organization of the teachers for play and recreation.

After a series of choruses, led by Mrs. Sheldon, Dr. Curtis spoke on the life and work of the teacher, citing statistics that show the precariousness of the teachers' profession, due chiefly to the great nervous strain and confinement that attend classroom activities. As a means of preserving health and equanimity the teachers must get out into the open more to play games or to explore the wonders of the great out-of-doors. The speaker further said that the teachers here have the finest opportunities in the world for getting into close contact and communion with nature, and that this relationship is the best tonic known to medical science.

The following resolution was introduced and unanimously adopted:

Be It Resolved that the Kauai Teachers' Association, in addition to holding its regular annual meeting, form itself into three district associations, viz:

1. The district between and including Mana and Eleele.
2. The district between and including Kalaheo and Waimea.
3. The district between and including Kapaa and Haena.

Each district shall hold monthly meetings.

Be It Further Resolved that the clause on officers of the Association be amended to read, "Officers shall consist of a President and two Vice-Presidents, each of whom shall come from a different district from that of either of the other two, and each of whom shall be president of the district from which he comes."

Each of the district associations shall elect a Vice-President, a Secretary, and a Treasurer. The President of the district association shall appoint a program and recreation committee, each to consist of three members.

The program committee shall provide the monthly program. It is suggested that the meetings often be held at the shore or in the mountains, and that they have as features picnic lunches, swims, the playing of games, etc.

The recreation committee of each district shall provide weekly programs of walks or excursions, similar to those of the mountain clubs of certain cities. It shall seek to provide places where teachers may go for week ends as far as possible and to provide places where teachers may play tennis, volley ball, or swim. It shall also consider the feasibility of certain week-end or short vacation camping and tramping trips and provide for them as far as possible.

Each district shall be free to make its own constitution and to amend it by a two-thirds vote, after due notice in writing shall have been given the meeting which is held before the meeting at which the amendment is considered.

The association then formed itself into three groups, to elect district officers and to transact business peculiar to the district.

The following officers were elected and committees were appointed:

MANA-ELEELE DISTRICT
President..... Miss C. A. Thompson
Vice-President..... Mrs. P. H. Cooley
Secretary..... Miss Janet Hastie
Treasurer..... Mrs. Lucy Wright
Program Committee: Willard Hubert, Miss Mabel Lewelling, Mrs. Chas. D. Roa.

RECREATION COMMITTEE: P. H. Cooley, Miss Laura M. Carol, E. A. Creevey.
March outing, a trip to Hanapepe Falls.

KALAHEO-WAIMEA DISTRICT
President..... Wm. McCluskey, Ex-officio
Vice-President..... Mrs. M. P. Graham
Secretary..... Mrs. Bowen
Treasurer..... Miss Margery McKee
Program Committee: Miss Florence Payne, Mrs. T. F. Hustace, Mrs. W. R. Bridgewater.

RECREATION COMMITTEE: Miss Myra Myhan, Mrs. Bowen, Soon N. Ahn.
March outing, Picnic at Haena and visit to the caves.

KAPAA-HAENA DISTRICT
President..... Geo. S. Raymond
Secretary..... Mrs. Carlotta Lal
Treasurer..... Mrs. K. A. Cook

Program Committee: Mrs. Josephine Chamberlaine, Mrs. H. Sheldon, Miss A. M. Mladnich.

Recreation Committee: Miss Nellie Baldwin, Miss M. Pacheco, Miss E. Ching.

March Outing, Picnic by the sea at Molowaa.

The teachers adjourned to the park for instruction in athletics given by Miss Smith, while Dr. Curtis talked with the principals about getting the school yards into shape for games.

The following are some of his suggestions: The grounds should be made level, as far as possible. Rocks should be removed. Sheep might be used to keep the grass down and to bring in an income.

Every playground should have:

1. A running track, perfectly level, 100 yards long and 12 feet wide.
2. A jumping pit, filled with rice hulls or some other soft material.
3. Three horizontal bars of 1 1/4 inch pipe, six feet long. These should be just high enough to allow the feet to clear the ground.
4. A volley ball court, marked out with lime or with a pick line or by a 2x4 scantling set on edge, level with the ground, and painted white. The standard court is 35x60, but for children it should be made 30x40. The net should be eight feet for men, but not more than seven feet for children. Players should be required to play the regular game, keeping a score, playing with both hands, and jumping when returning the ball.
5. A basket ball court, marked out as recommended for the volley ball court. The for court children should be 35x70 with baskets not more than 8 1/2 feet high.

A School Excursion-- Seeing Kauai First

A remarkable journey in the interest of island geography and general sightseeing was made last week by four teachers and 108 pupils from the Kapaa school when all went to Waimea and way points. Remarkable because of the fact that so many of the children made the journey on motor trucks; which is claimed to be the longest trip for such a large group of island school children of ten years of age. Remarkable, also, because of the fact that many of the children had never been so far from home before. Incidentally remarkable at this time of the H. C. L. because it cost each traveller fifty cents. Such rates on the I. I. steamers would take one to Honolulu for half a dollar.

Following are real accounts of the journey by some of the tourists:

On Friday, Feb. 6, 1920, we took a trip far from Kapaa school. All the fourth grade went.

First we passed the Waimea Bridge. It is the prettiest bridge on Kauai. The bridge has 6 large round arches on each side. The river is joined together with the sea.

We passed Hanamau. We saw the big sugar mill at Hanamau. The mill is very big. Then we went to Lihue. We passed the Tip Top. We passed the Lihue store. We reached Lihue school. Mr. Simpson was glad to see us. A big boy blew his horn and all the children came out for flag salute. The Lihue school is red. They have no kitchen at Lihue.

We passed the Kalaheo pineapple cannery. It was very nice to see the pineapple skins come out in piles. The road has pretty lilies at the sides. We saw a pretty Christmas tree on the roadside near Kalaheo. On the road to Kalaheo the roadside has many pretty yellow flowers. We could see Niihau from Waimea. We saw the Hanapepe Valley. It is very long. The cane gets its water through a certain pipe that runs to a flume. We went to Eleele school. Mr. Brodie was glad to see us. Mr. Brodie took us to Hanapepe Canyon and showed us the Canyon. We had our lunches there. We had a fine lunch. I ate rice, sandwiches, peas, and meat. The lunch cost us five cents. They gave us water to drink.

At Kalaheo we saw the sheep. We were so anxious to jump down and catch a little lamb.

Nawiliwili Bay is very large and long. We came up again and passed the County Building and Bank.

On our way home it rained a little. The mountains were covered with mist.

The truck took us to the Kealia Store. Then we went home on car. The next morning I was sick and tired.
